ISAIAH IM

309-706-7394 | isim2@illinois.edu | linkedin.com/in/isaiah-im

EDUCATION

University of Illinois Urbana-Champaign | Urbana, IL Expected May 2027
B.S. Agricultural & Biological Engineering - Off-Highway Vehicle & Equipment Engineering
GPA: 3.01/4.00

PROFESSIONAL & TECHNICAL SKILLS

Competencies: Problem Solving, Leadership, Team Collaboration, Project Management, Communication, Adaptability
Autonomy & Embedded Systems: ArduPilot Rover, Pixhawk, Teensy 4.1, RTK/GNSS, motor-control integration
Engineering & Software: Fusion 360 CAD, MATLAB, Excel, Java, blueprint interpretation
Hands-On: Electrical troubleshooting, equipment diagnostics, wiring, field testing, product validation, heavy equipment operation

PROFESSIONAL EXPERIENCE

Reinhart Landscape & Snow | Bloomington, IL 2025 - Present
Director of Autonomous Mowing
- Lead deployment, configuration, troubleshooting, and performance evaluation of commercial autonomous mowing systems in active field environments.
- Conduct diagnostics on navigation, RTK/GNSS, charging, software, and mechanical performance; translate field issues into actionable manufacturer feedback.
- Work directly with Kress, Husqvarna, Sunseeker, Segway, and Yarbo on product support, testing, and evaluation of next-generation autonomous lawn-care equipment.
- Presented autonomous-mowing systems and field lessons at industry training while supporting site setup, mapping, scheduling, and performance optimization.

Im&Im Services | Bloomington-Normal, IL 2016 - Present
Owner / Operator
- Founded and operate a lawncare, landscaping, and property-service business serving recurring residential customers.
- Manage estimating, scheduling, purchasing, equipment maintenance, customer communication, and project execution from quotes through completion.
- Built repeat business through referrals, local marketing, and coordination with other contractors and service providers.

Electrical & Construction Trades | Central Illinois 2018 - 2025
L&S Enterprises | Midwest Electric & Service | DowdBuilders
- Installed panels, lighting, receptacles, appliances, and high-/low-voltage wiring in commercial and residential environments.
- Interpreted blueprints and project specifications while performing framing, trim, siding, concrete, excavation, and equipment-operation work.
- Coordinated with multiple trades on active job sites and troubleshooted field issues while working to safety and quality requirements.

ENGINEERING PROJECT

HydroLink - Autonomous Hydrostatic Mower Retrofit 2026 - Present
- Designing an open-source autonomy retrofit for a hydrostatic commercial mower using ArduPilot Rover while preserving manual and RC operation.
- Integrating a Holybro Pixhawk 6C, Teensy 4.1, MDD530 motor driver, RTK/GNSS, DC-DC power distribution, and custom actuation for hydrostatic controls.
- Developing electrical architecture, wiring, control logic, and mechanical linkage concepts with planned LiDAR and computer-vision integration.

LEADERSHIP

Sigma Lambda Beta International Fraternity, Inc. | Kappa Chapter 2024 - Present
President (2025-2026) | Treasurer (2024-2025)
- Led chapter operations, executive-board coordination, recruitment, events, and alumni relations; previously managed budgets and financial planning for chapter activities.
